**Clover, South Carolina 29710**

## **Building Design Criteria**

Jurisdiction: Town of Clover, SC

---

The following information is to help the architect, engineer, and/or builder prepare drawings and specifications which will be presented to the Building Official of the Town of Clover for review. To expedite review of construction documents, all pertinent information should be listed on the cover sheet of the plans. In case of a conflict between this document and the code, the code would supersede.

Building Limits: 1 & 2 family dwellings (R3) not more than three (3) stories above grade.  
*Note: Apartment buildings (R2) and buildings over three (3) stories shall be built to the IBC.*
