

**ORDINANCE 15-08
WATER AND SEWER CONNECTION FEE
RATE SCHEDULE
EFFECTIVE 9/1/2015**

SECTION 1: Water and Sewer Connection Charges

Until changed pursuant to action of the town, or pursuant to any covenant made by said Town, the following is and shall continue to be the schedule of charges for connection to the water and sewer system of the Town of Clover. As of the effective date of this Ordinance, all waterworks and sewer service connections to the facilities owned by the Town shall be made in accordance herewith.

Meter Size	CAPACITY			METER CHARGE
	Water	Sewer	Combined Fee	Water
3/4 Inch	\$ 1,500	\$ 2,230	\$ 3,730	\$ 150
1.0 Inch	\$ 3,750	\$ 5,575	\$ 9,325	\$ 300
1.5 Inch	\$ 7,500	\$ 11,150	\$ 18,650	\$ 1,800
2.0 Inch	\$ 12,000	\$ 17,840	\$ 29,840	<i>Actual Cost</i>
3.0 Inch	\$ 24,000	\$ 35,680	\$ 59,680	<i>Actual Cost</i>
4.0 Inch	\$ 37,500	\$ 55,750	\$ 93,250	<i>Actual Cost</i>
6.0 Inch	\$ 75,000	\$ 111,500	\$ 186,500	<i>Actual Cost</i>
8.0 Inch	\$ 120,000	\$ 178,400	\$ 298,400	<i>Actual Cost</i>
10.0 Inch	\$ 189,000	\$ 280,980	\$ 469,980	<i>Actual Cost</i>

Connection Size	INSTALLATION	
	Water	Sewer
3/4 Inch	\$ 700	<i>Not Available</i>
1.0 Inch	\$ 800	<i>Not Available</i>
1.5 Inch	\$ 950	<i>Not Available</i>
2.0 Inch	<i>Actual Cost</i>	<i>Actual Cost</i>
3.0 Inch	<i>Actual Cost</i>	<i>Actual Cost</i>
4.0 Inch	<i>Actual Cost</i>	\$ 800
6.0 Inch	<i>Actual Cost</i>	<i>Actual Cost</i>
8.0 Inch	<i>Actual Cost</i>	<i>Actual Cost</i>
10.0 Inch	<i>Actual Cost</i>	<i>Actual Cost</i>

1. Meter and installation costs reflect DHEC requirements and cost incurred at time of installation. Installation cost is based on actual connection size of the water and sewer, not on the meter size. If the Town has to hire a contractor to provide boring service for ¾ inch through 1 ½ inch water service installation, the cost for the boring service will be added to the installation fee. If the sewer connection is a force main, the installation cost shall be the actual cost.

2. In new subdivisions, the developer installs all required infrastructure in accordance with Town specifications, therefore, the developer will pay only the capacity and meter charge for the size service provided.

3. Customer to furnish meter pit built to the Town's specifications for 2" and greater water service connections.

WATER IRRIGATION SYSTEM CONNECTION CHARGES

(3/4 inch service only)

SPLIT METER

	<u>Inside Town</u>	<u>Outside Town</u>
Meter Charge	\$150	\$150
