“Play On”... Clover is a donation program recently developed to aid families in our community who may need our help obtaining equipment for the upcoming athletic seasons.

We are looking for gently used or brand new items. Every item collected will be inspected and cleaned thoroughly before being re-distributed.

Equipment can be donated at Clover Community Center. For more information, please contact Colby Parnell or Daniel Gourley.

This program is designed to help the youth in our community, for this reason we will keep all donations and equipment pick ups completely confidential.

- Soccer balls and cleats
- Baseball cleats, gloves, bats, catchers gear
- Softball cleats, gloves, helmets, catchers gear
