It is important to keep the Town's storm drains clear of all debris so as to prevent unnecessary flooding and contamination of our lakes and streams. At no time should debris of any kind be placed in the flow line of the curb or on the street. Leaves, grass clippings, other yard debris and garbage should be placed well behind the curb and never in any area that could restrict water flow. Town Ordinance prohibits obstruction of any storm drains or ditches; fines may be applied on those violating this ordinance.
