

Clover Elite Soccer Philosophy

Clover Elite is a club soccer program created by Clover Parks and Recreation Department (CPRD) aiming to provide the soccer community a competitive environment allowing each participant to achieve his/her goals through the world's biggest sport. The program is managed by CPRD to ensure the Clover soccer community is receiving the best viable option for a high level of competition outside of the recreational leagues.

Clover Elite will create one team per age group and gender each season. Each team shall be selected through a tryout process in Fall and Spring seasons. Teams are selected based on the Clover Elite Coaches and CPRD.

There are many levels of competition for our Clover Elite program through South Carolina Youth Soccer Association. Most of the levels are based on promotion/relegation. Once the team has been selected, coaches will meet with the Clover Parks and Recreation Soccer Coordinator to determine what level the team will compete in for the upcoming season. If the team does well in that specific division the team will be promoted to the next highest level of competition in the next season.

Clover Elite teams will aim to have training three times a week. All practice sessions will be approximately 1.5 hours in length. Clover Elite is highly focused on player development in which players are allowed to practice with other Clover Elite teams to ensure players are receiving their recommended training time per week. Clover Elite requires a high commitment level due to the amount of practice and game time throughout the season. These club teams could travel to the surrounding areas of North and South Carolina.

Clover Elite Soccer is offered through CPRD; where it is our mission to develop, preserve, and operate top quality parks. We aim to provide opportunities for recreational and leisure activities. We feel it is important for each participant to achieve to the best of their ability and be praised for doing so by their coaches, parents, and peers. As a recreation department, we strive to offer programs and facilities to improve the quality of life for all citizens in the Clover Community.
